Celebrating Siblinghood

Delhi Public School Vapi

Dipsites of the pre-primary wing expressed love towards their siblings when they celebrated National Siblings Day on April 10, 2023.

Siblings are an important part of our lives. One cannot imagine his or her life without siblings. National Siblings Day is observed every year on April 10 to honour our siblings, show affection, and appreciate one another. We cannot deny the fact that the memories of childhood with our siblings always brings a broad smile to our face no matter what age we have entered. The tiny tots learnt through a story presented by the teachers, that wherever in the world or how busy we are, we should always cherish the gifted bond we share with our siblings. The cherubs expressed their affection towards their siblings by participating in various activities which included Find Your Fruitling, Beemine and Card Making with the theme Greetings and Wishes for siblings.

The day was celebrated with zeal and zest and ensured that the students embrace moral and family bonds.
